Overall positive feedback from the industry and lots of confidence: The outlook is good for ceramitec, being held at the Messe München Exhibition Center from June 21 to 24. Dr. Robert Schönberger, ceramitec Exhibition Director, is satisfied: “We have a very stable booking situation and, above all, very positive feedback from the industry. Our customers are looking forward to the trade fair in June and, in particular, to finally being able to see each other face to face again and not just on a screen.”

Practically all the key players will be there

The number of registrations for ceramitec also confirms that: Almost all the industry heavyweights, such as Bedeschi, Bongioanni Macchine, De Boer Machines, Dorst, Eirich, joint stand for Ceramic Applications, joint stand for Pôle Européen / Limoges, Grothe Rohstoffe, Grün sro, Imerys, Keramischer Ofenbau, Lingl Anlagenbau GmbH, Lippert, Lithoz, Maschinenfabrik Lauffer, Metalcertima, Nabaltec AG, Nabertherm, Netzsch, Osterwalder, Reimboldt & Strick, SABO, SACMI, Schunk, Sibelco, Stephan Schmidt, Steuler and Tecnofiliere will be there live in Munich.

Three halls – the entire spectrum

In a total of three halls – C1 to C3 – ceramitec 2022 will offer every segment, from classic and industrial ceramics to technical ceramics and powder metallurgy. “ceramitec continues to be the leading trade fair in the ceramics industry, where the key providers present their innovations and ideas,” explains Schönberger. “This is where all the main exhibitors for the industry sectors exhibit their

entire range – whether it's manufacturers, users or representatives from the field of science.”

Supporting program with two forums

The exhibitors' offerings will also be supplemented this year, for the first time through two forums, with an extensive program in the fields of technical ceramics, additive manufacturing, powder metallurgy and heavy clay ceramics. There will also be a special show on applications in Hall C1.

Exciting parallel events

In addition, both automatica, the leading trade fair for intelligent automation and robotics, and analytica, the leading international trade fair for laboratory technology, analysis and biotechnology, will also be taking place in parallel to ceramitec. Two additional sectors, one significant advantage: There are clear overlaps to allow cross-trade fair synergies to be leveraged.

About ceramitec

ceramitec is the leading trade fair for the ceramics industry. Every branch of the industry is represented, from classic ceramics, raw materials and industrial ceramics to technical ceramics and powder metallurgy. “ceramitec: Technologies · Innovations · Materials” is held every three years. The next event will be held in Munich from June 21 to 24, 2022.

Messe München

Messe München is one of the leading exhibition organizers worldwide with more than 50 of its own trade shows for capital goods, consumer goods and new technologies.

Every year, about 50,000 exhibitors and around 3 million visitors take part in more than 200 events at the exhibition center in Munich, at the ICM – Internationales Congress Center München, the Conference Center Nord and the MOC Veranstaltungszentrum München as well as abroad.

Together with its subsidiary companies, Messe München organizes trade fairs in China, India, Brazil, Russia, Africa, Turkey and Vietnam. With a network of associated companies in Europe, Asia and South America, and with around 70 representatives abroad for more than 100 countries, Messe München has a truly global presence.
